Hi Douglas,  
John Mays and Lisa Sheinost will be coming to the EPA conference Center on Friday along with Hal Demuth from Petrotek, the consultant that prepared the Class V permit application.  
Blake Steele, from Azarga and Jack Fritz, the consultant that prepared the Class III permit application, will be calling into the meeting.  
John Mays asked for 3 hours of meeting time to ask clarifying questions about the Class V and Class III draft permits. Because the meeting is occurring during the public comment period, we will take notes to document for the administrative record all the items discussed during the meeting.  
Thanks!
